Diploma in Digital Media and IT – Web Design and Development Concentration
2025 – 2027 (Ongoing) | Edmonton, Canada

Wenzhou University

Bachelor's degree in engineering – Computer Science and Technology
June 2024 | Wenzhou, China

Projects

My latest project is an interactive calculator web app with a focus on clean UI. It allows users to calculate the square and cube of an input and displays them on the screen. It has options to delete the last entry or clear the history. It provides immediate visual feedback for user actions. Link: [Calculator](#)

Awards and Acknowledgements

Awarded the **Chinese Presidential Scholarship** for being among the top 10 students in class | 2019 – 2023 | Wenzhou University

2nd place Winner in Aleo's privacy Award category at the **IWD Edmonton 2025: Redefine Possible Hackathon**

Interests

Photography • Health & Wellness • K-dramas
